## **Hoffman & Hoffman Announces Acquisition of Borie Davis, Expanding Market Presence in Georgia**

*Partnership Brings Expanded Resources to Better Serve Georgia's Growing Market*

**Greensboro, NC – November 19, 2024—** Hoffman & Hoffman, a leader in HVAC and building solutions, is pleased to announce its acquisition of Borie Davis Inc., an established provider of commercial HVAC solutions based in Alpharetta, GA. Since 1978, Borie Davis and every member of the organization have worked to create a culture of excellence in service to customers. This strategic acquisition strengthens Hoffman & Hoffman's presence in the Georgia market, allowing both companies to deliver expanded resources, innovative service offerings, and reliable solutions to a broader range of clients.

“We've reached a point in our growth where we need to invest in our tools and systems to continue as a partner of excellence for our customers. We are equally committed to our corporate culture and the family of employees we've built, to whom we feel great gratitude for every effort they make to help our customers recognize us as best in class,” said Laura Dodd, spokesperson for Borie Davis.

“Hoffman & Hoffman shares these traits in their commitment to excellence, customers, and staff. They take this commitment further by allowing every employee to be an owner of the business through their ESOP model, providing our team with great careers, growth opportunities, and solid retirements.”

Jim Mangini, President of Hoffman & Hoffman, shared his confidence in the acquisition, stating, “We are thrilled to welcome Borie Davis into the Hoffman & Hoffman family. Their reputation for excellence in Georgia aligns perfectly with our values and vision. By combining our strengths, we are positioned to offer enhanced services and innovative solutions to make us a better company in every territory.”

The Borie Davis commitment to customers remains the same, offering the same level of trusted support and service. However, customers can expect exciting developments, such as expanded access to e-commerce tools for faster, more convenient service.
